Classroom Lessons. Bug Blitz - A Study in Biodiversity (T. Tomm, Havana Junior High, Havana, IL) I n past years our district had money for field trips to local nature areas for the Butterfly Brigade project; however, budget cuts made it difficult to pay for transportation. I decided to adapt the project to a smaller level using our school garden, which is a quick walk to our front schoolyard!

The Science Spot

The Six Kingdoms. When Linnaeus developed his system of classification, there were only two kingdoms, Plants and Animals. But the use of the microscope led to the discovery of new organisms and the identification of differences in cells.

The Six Kingdoms - RIC

I have been a science teacher in an urban School District for 7 years. During this time I have had the opportunity to experience teaching within classrooms at all levels of performance abilities, including full inclusion, and highly advanced classes.

Science Spot - Teaching Resources - TES

The tree of life or universal tree of life is a metaphor, model and research tool used to explore the evolution of life and describe the relationships between organisms, both living and extinct, as described in a famous passage in Charles Darwin's On the Origin of Species (1859).. The affinities of all the beings of the same class have sometimes been represented by a great tree.

Sexual Reproduction Any process of reproduction that does involve the fusion of gametes. Shale Fine grained sedimentary rock composed of lithified clay particles. Shear Stress Stress caused by forces operating parallel to each other but in opposite directions.

Glossary of Terms: S - Physical Geography

Fungus - Nutrition: Unlike plants, which use carbon dioxide and light as sources of carbon and energy, respectively, fungi meet these two requirements by assimilating preformed organic matter; carbohydrates are generally the preferred carbon source. Fungi can readily absorb and metabolize a variety of soluble carbohydrates, such as glucose, xylose, sucrose, and fructose.
