Readers are encouraged to study more in-depth to gain a full appreciation of this hypothesis. At the end are guiding questions for the educator to contemplate instruction and contrastive analysis.

Contrastive Analysis for Language Teaching - TESOL Class

Contrastive analysis is viewed as an interlinguistic, bidirectional phenomenon which is concerned with both the form and function of language. As such, contrastive analysis must view language psycholinguistically and sociolinguistically as a system to be both described and acquired. Due to the need for a psychological component in the analysis, the notion of transfer is discussed.
