Discourse analysis (DA), or discourse studies, is the approaches to analyze written, vocal, or sign language use, or any significant semiotic event.. The objects of discourse analysis (discourse, writing, conversation, communicative event) are variously defined in terms of coherent sequences of sentences, propositions, speech, or turns-at-talk. Contrary to much of traditional linguistics ...

What exactly does discourse "construct"? Discourse theorists disagree on which parts of our world are real. In other words, they take different ontological stances. Extreme constructivists argue that all human knowledge and experience is socially constructed, and that there is no reality beyond discourse (Potter 1997). Critical realists, on the other hand, argue that there is a physical ...
