How Skills and Concepts Work Together in Math Math skills and concepts should be taught simultaneously. Children who learn math skills without learning the underlying concepts, will find math can get very confusing. Their lack of understanding will limit their ability to apply math in a

variety of problem solving situations.

How Math Concepts and Math Skills Work Together and Why ...

I am not sure that this is an accurate description of skills versus concepts. I think a person can be skilled at the solving of math problems without necessarily fully understanding the concepts involved whereas on the other hand a person who is able to conceptualize and move theories and concepts forward needs to have a firm grasp of the skills needed to arrive at specific conclusions.
