Dear Rockstar is set against the backdrop of the 80's and while I loved all the references to mall concerts, acid wash - anything, banana clips and Rick Astley ~ this story was so much more. This book centers on Sara ~ a 19 year old senior in high school who is obsessed with a rock star named Tyler Vincent.

review 1: Dear Rockstar is my first read from author Emme Rollins and I truly enjoyed it. I was a little hesitant in the beginning because we have a bunch of women and men attending an institute who didn't graduate. However, everyone there had a reason as to why they never graduated and it was more than just dropping out and not caring.

Goodreads Author. Emme Rollins is a NEW YORK TIMES Bestselling Author of New Adult/Mature Young Adult fiction. She has two degrees, a bachelor's and a master's, one of which she's still paying for,...

**Emme Rollins (Author of Meeting Trouble) - Goodreads**

"Dear Rockstar" is a decent read. I probably would have enjoyed it more if it was more character driven instead of a sex book. I don't have anything against sex in stories it just seems that once a writer introduces sex between the 2 main characters that is where the story focuses and a true story stops.

Dear Rockstar by Emme Rollins is a blast from the past. We are so dependent on our smartphones and internet, that it is fun to go back and remember the good ole days. Whether you are 25, 45 or 65, you can remember what it was like to have posters out of magazines covering your walls.
