Land sailing, also known as 'sand yachting', 'land yachting' or 'dirtboating', is the act of moving across land in a wheeled vehicle powered by wind through the use of a sail. The term comes from analogy with (water) sailing. Historically, land sailing was used as a mode of transportation or recreation. Since the 1950s, it has evolved primarily into a racing sport.

Land sailing - Wikipedia

The sailing yacht designs listed below are arranged in order of their size, from the largest at over 164 feet (a traditional plank on frame wooden ketch) to the smallest at 8 feet (an aluminum sailing pram). New boat designs are added as they are developed (marked with the symbol) so you may want to ...

The Dutch East India Company (Dutch: Vereenigde Oostindische Compagnie; VOC) was an early megacorporation founded by a government-directed amalgamation of several rival Dutch trading companies (voorcompagnieën) in the early 17th century. It was established on March 20, 1602 as a chartered company to trade with India and Indianised Southeast Asian countries when the Dutch government granted it ...

...The MBA Decision Getting an MBA is one of these decisions that people at one point thought of as a level of education only few are able to attain. In time that perspective has changed and in recent calculations the number of MBA graduates has increased by 250% (Articlesbase, 2006). In the closing case, we address the questions below to help Ben with his MBA decision.
