Recall in memory refers to the mental process of retrieval of information from the past. Along with encoding and storage, it is one of the three core processes of memory. There are three main types of recall: free recall, cued recall and serial recall. Psychologists test these forms of recall as a way to study the memory processes of humans and animals. Two main theories of the process of ...

Highlights A protocol to produce emotions in dogs was developed. Expert dog trainers were highly consistent in identifying emotions in dogs. All people identified dogs' emotions; experienced better identified behaviors. Experienced people made more errors identifying aggression than did inexperienced. Ekman's work on human facial expression was extended to a non-primate species.

L'un des premiers traités sur les émotions est dû au philosophe René Descartes. Dans son traité Les Passions de l'âme, Descartes identifie six émotions simples : « l'admiration, l'amour, la haine, le désir, la joie et la tristesse » et toutes les autres en sont composées de quelques-unes de ces six ou bien en sont des espèces.. Une émotion est une réaction psychologique et physique à ...

This site is about seeing through the illusion of separation and waking up to the boundless wholeness that is all there is. Joan Tollifson has an affinity with Advaita, Zen Buddhism and radical nonduality but has her own unique and original expression. She points to the simplicity of what is, as it is -- the ever-present, ever-changing seamlessness of being.
