Digital humanities (DH) is an area of scholarly activity at the intersection of computing or digital technologies and the disciplines of the humanities. It includes the systematic use of digital resources in the humanities, as well as the reflection on their application. DH can be defined as new ways of doing scholarship that involve collaborative, transdisciplinary, and computationally engaged ...

Those of us working in or close to the field of Digital Humanities know that the very definition of the term has been vexed from its inception--in my opinion, moreso than typical academic fields. I'll not go into them in depth here, but two of my major concerns about the term have been that (a) the literal meaning of the term

When is a comma used before et al. in MLA style?. In MLA style, a comma is generally only used before et al. in the "Author" slot of works-cited-list entries when the author's first and last names are reversed: Burdick, Anne, et al. Digital\_Humanities.MIT P, 2012. The comma tells your reader that the name Anne is out of normal position and that the abbreviation attaches to the full name ...
