By far one of the most important factors contributing to the size and quality of your harvest is the soil in which your garden is planted. While it may seem like you're stuck with the soil you have, the truth is there are quite a few things you can do to improve the quality of your soil and maximize your harvest.

#### 11 Garden Soil Hacks To Maximize Your Harvest This Year

Today's DIY project is one from our very own garden. We constructed it last weekend. It was only a matter of time before my vertical planter garden dream became a reality. I think Justin helped me make it partly because he was sick of me talking about it so much. "Honey, we should totally make a ...

Source: Cut Out + Keep Keep the cold out with one of these 20 DIY draft stoppers that are just as pretty as they are practical. The basic concept of a draft stopper (also known as a draft dodger, door pillow, draft blocker, etc.) is always the same — a long, thin pillow — but from there, you can use your imagination when it comes to the materials and embellishments.
