This chapter describes Transit Oriented Development (TOD), which refers to residential and commercial districts located around a transit station or corridor with high quality service, with good walkability, parking management and other design features that facilitate transit use and maximize overall accessibility.

Online TDM Encyclopedia - Transit Oriented Development

An intron is any nucleotide sequence within a gene that is removed by RNA splicing during maturation of the final RNA product. The word intron is derived from the term intragenic region, i.e. a region inside a gene. The term intron refers to both the DNA sequence within a gene and the corresponding sequence in RNA transcripts. Sequences that are joined together in the final mature RNA after ...

Intron - Wikipedia

North Coast Photographic Services was established by a professional photographer in 1978, after seeing the need to provide quality photo printing to professionals and non professionals alike.
