Cs50 Harvard And Problem Set
Problem sets are "programming assignments that challenge you to apply concepts to problems inspired by real-world domains." They are marked by an automated grading system. Your overall mark for a problem set is the fraction of tests that your code passes (1.0 = 100%).

Harvard CS50: Intro to Computer Science — David Venturi
It would be helpful if you zipped and posted the OVF descriptor on its own, since I don't fancy a 1GB download over my connection. However, my first reaction is, assuming the message means what I think it does, that disks in an appliance set should not be difference images, and therefore should not require a parent.
